## January 2020 IMAX Schedule Update

Syracuse, NY (January 5, 2020) - Below is the Bristol IMAX Omnitheater showtime schedule for January 8, 2020 through January 31, 2020.

### **FILMS PLAYING**

#### **SUPERPOWER DOGS**

Join an immersive IMAX adventure to experience the life-saving superpowers and extraordinary bravery of some of the world's most amazing dogs! In this inspiring true story, our best friends are also real-life superheroes. Journey around the globe during

***Superpower Dogs*** to meet remarkable dogs who save lives and discover the powerful bond they share with their human partners.

Follow Halo, a rookie puppy training to join one of the most elite disaster response teams in America. Meet Henry, an avalanche rescue expert in the Canadian Rockies, Reef, a Newfoundland lifeguard with the Italian coastguard, Ricochet, a Californian surf legend helping people with special needs, and the Bloodhound brothers, Tipper & Tony, who are leading the fight to save endangered species in Africa. As we discover the incredible abilities of dogs and the astonishing science behind their superpowers, we'll never look at our best friends the same way again!

*Runtime: 45 minutes*

#### **AMAZON ADVENTURE**

***Amazon Adventure*** tells the epic, true story of explorer Henry Bates' fascinating 11-year journey through the visually stunning and biodiverse Amazon rainforest as a young man who risks his life for science in the 1850's. Bates unearths the major discovery of the phenomenon of mimicry, whereby certain animals adopt the look of others that helps them deceive predators and gain an advantage to survive. Little known to the public, Bates made other crucial contributions to biology: identifying 8,000 species new to science and most importantly, putting the first ever case for the creation of a new species, which Charles Darwin called the "beautiful proof" for Natural Selection.

*Runtime: 40 minutes*

## **GREAT WHITE SHARK**

Misrepresented, maligned and on the verge of extinction, the great white shark is an iconic predator: the creature we love to fear.

***Great White Shark*** explores the great white's place in our imaginations, in our fears and in the reality of its role at the top of the oceanic food chain. The film concentrates on key aggregation points around the world: Mexico, South Africa, Los Angeles and New Zealand. Key figures in the history of shark research, people whose lives have been changed by contact with the great white, tell of their experiences, culminating in a direct encounter between man and shark!

*Runtime: 40 minutes*
