**SUNDAY
 MARCH 21, 2021**
 Starting at 1 PM

**COMPETITION SITE
 LIVE STREAM EVENT
 VIRTUAL**

MAJOR SUPPORT PROVIDED BY

Is there a topic you've always wanted to explore deeper?

Become an expert on a topic of interest as you design a science fair project, conduct hands-on research, and communicate your findings for a chance to win awards, academic scholarships, and a shot at state, national and international science fair competitions!

Register Your Project at:
most.org/learn/outreach-events/

Teams of 1 or 2 students plus 1 team leader (teacher, parent, chaperone)

Junior Division: Grades 4–8
Senior Division: Grades 9–12

Prepare Your Virtual Project & Presentation

Visit bit.ly/STEMsyracuse for virtual submission instructions, ISEF judging rubric, and live stream instructions.

Submit Your Project online by Sunday, March 14 at 11:59 AM to compete for cash awards & scholarships!

This event and live stream are free.

For more details and the complete list of Student STEM Competition events on the MOST website.
